

DISCOVER THE
WONDERS OF AFRICA

Sun International

An aerial photograph of a rugged coastline. A dark, rocky cliffside dominates the left and center, with waves crashing against its base. The ocean is split into two distinct colors: a deep blue on the right and a lighter, hazy blue on the left, separated by a narrow strip of land. The sky is a pale, hazy yellow, suggesting a sunrise or sunset. The overall mood is dramatic and serene.
